Midweek in MAYFAIR IN THE LANSDOWNE CLUB

JANUARY—MARCH 2012

“Explaining the Gospel of Jesus Christ so that workers can connect their faith and work, and encourage one another to do so.”

Explain

Every week we open the Bible to discover more of the person and work of Jesus Christ. The talks are designed for those who have been Christians for years and those who are interested to find out more about Christianity.

Connect

The aim is that people come to follow Christ and then fully apply the gospel to their working lives.

Encourage

Christian professionals need one another to challenge and inspire on which professional norms to accept and which to question and seek to reform.
